 Home Construction Start Date _____ Home Construction Finish Date _____

If property is owned by someone other than the party making the application for service, please list the landowner:

Name _____ Address _____ Phone _____

Projects require a field visit prior to preparing a cost summary. A \$250 engineering deposit is required before a field visit will be made. The deposit is non-refundable but will be applied to project costs if service is built within 12 months of original application. If the project is deemed inactive after 12 months, the work order will be closed and a new application and deposit will be required.

Field Visit Information:

Party to Contact _____ Phone _____
Preferred time of day for field visit _____ Cell Phone _____

At this time, specific questions can be answered on site by the field representative. After the field visit, the field representative will prepare a cost summary and necessary paperwork. Applicant must complete and sign all paperwork and return it to the office with payment of all necessary charges.

The design and installation of your line extension and service will be based on the Rules and Regulations and the Line Extension Policy of Heartland REC. Heartland REC will solely determine the capability of the system to provide your service requirement along with the route and most cost-effective design.

Agreement to Accept Service: I hereby apply for electrical service as indicated herein. I understand that Heartland REC will make service available upon the completion of engineering details and a duly extended contractual agreement between the parties. I agree to accept service when construction is completed
